BOGGLEBANG 2019 MASTER TASK LIST

How to Play

Part I: Free For All Teams of 4 - 9 Players

To play, your team will need a relatively smart camera phone, download the free Twitter App and make some kind of Twitter account for either an individual or your team, even if you only use it these nine days.

Working from this 2019 Bogglebang Master Task List, teams creatively interpret Task and photograph(record) evidence of their accomplishments (they are all open ended to interpretation). You must post these photos to Twitter labeled by hashtags designating the Task name, the team name and @bogglebang as well as the Task number.

An example from 2013:

TASK 01: #goatscarf

Put a scarf on a goat.

Once this has been accomplished and photographed, the image must be uploaded to Twitter and labeled as so:

#goatscarf #teamname
@bogglebang task01

ATTENTION: Hashtags should contain no spaces. Also Twitter posts must be no more than 140 characters so abbreviate your team name if it is inordinately long.
